2. The proposal now is to open four more dispensaries, as from 1st Sept 1935 which involves a total net expenditure of Rs 5-12-0/- In addition to this, a sum equivalent to the Govt quota payable during the latter part of 1935-36 for the Holalkere dispensary, has to be provided in the next year's budget.

3. The question of fixing the number of dispensaries to be opened next year in case the funds permit, may, perhaps be

No Loc 1212 - Budget-3/34-35 d 13/2/35

Subd with reg. to para 6 above

The proposal is to open four Veterinary Dispensaries at the marginally noted places. The local bodies concerned are agreeable to meet their respective quota.

1) Chikmagalur
2) Mudbagal
3) Closepet
4) Maddur.

10 The details of expenditure are noted below—

| | |
|---|---|
| 1) Initial charges — | Rs 1000 |
| 2) Maintenance charges — | 600 |
| 3) Establishment charges | |
| One Veterinary Inspector on Rs 600/- | |

| One Sahaidy ——— | Rs 20/- |
| One Compounder ——— | Rs 15/- |
| One peon. ——— | Rs 10/- |
| For one month | Rs 95- |
| Total for nine months ——— | 855 |
| Total for one Dispensary | 2455- |
| Total for four Dispensary ——— | Rs 9820. |
| Deduct contributions recoverable from local bodies for initial & maintenance charges at Rs 1000 & Rs 150/- respectively for four dispensaries ——— | Rs 4600. |
| Net | 5220 ⊗. |

⊗ Rs 5220/- to be met by Govt as their quota for four dispensaries.

11 The Dir now reports that 2660/- being the total net cost for two dispensaries

will be met from anticipated savings in the next year's budget. I request that an additional sum of Rs 2610- may be made for the other two dispensaries.

12. If the two dispensaries out of four are opened, there will be no need for an additional grant. It is therefore, for orders whether only two dispensaries may be started in the year 1935-36 which involves no additional expenditure to Govt. A new dispensary at Holalkere was ordered to be opened from 1/1/35. We shall say may perhaps be consulted in the matter

* (1) Chikmagalur (2) Ulubagal. Vide Govt file 3410.

13 The proposals involve additional recurring expenditure though the cost of two new dispensaries during 1935-36 may possibly be met from anticipated savings. It would be too early now to anticipate savings even before the new year has commenced & the budget therefor passed.

KB 2.3

14 It is not known by what means a saving of Rs 2610 can be effected in the normal budget grant of the C.V. Deptt of the next year. This simply means that the normal budgetty is in excess of the actual requirement of the Deptt. In any case no savings

Serial No.

5332/33

Can be anticipated before the Budget has been prepared and passed.

15 ~~[illegible]~~ In the present financial condition it may not be practicable to sanction the starting of 4 dispensaries. It is only recently that a dispensary was opened at Hirekere. Two dispensaries may be opened in the order of urgency this next year, subject to ~~[illegible]~~ the usual grant for the Deptt. not be exceeded on this account. H. Secy may be consulted.

16 Following the argument of the Superintendent to its logical conclusion, there should also be some saving under 'Mobile Medical Corps'. But in any case as has been rightly suggested, the Corps should be used as a leave reserve. During the last two years, epidemics have shown a decrease and it should be possible to manage the additional hospitals with the present grant profitably redistributed. In any case the increased expenditure should be limited to 2 lakhs.

17 If necessary the assurance may be given that Special additional grants will be sanctioned should there be unforeseen calls on account of recurrence of epidemics on a large scale

The total non-cost to be met by govt on this account amounts to Rs 5-220/- But only a sum of Rs 2500/- has been provided for in the budget. So orders have already been issued for the opening of two dispensaries at the first two places

DIRECTOR OF AGRICULTURE IN MYSORE,
BANGALORE.

To

M. Venkatanaranappa, Esq., B.A.,
Secretary to the Government of Mysore,
Development Department, Bangalore.

SIR,

Subject: Opening of new Veterinary Dispensaries during the year 1935-36.

In forwarding herewith ~~copies~~ copy of letters No.H.A.104 of 34-35 dated 7th November 1934 and No.H.A.104 of 34-35 dated 13th December 1934 regarding the question of opening five new Veterinary Dispensaries during the coming year in the marginally noted places, I have the honour to state that Government in their order No.D.3699-702/C.V.38-34-2 dated 30th November 1934 have sanctioned the opening of a Dispensary at Holalkere from 1st January 1935. In view of the immediate need for opening the Dispensaries in the remaining four places as indicated by the Superintendent, I request the favour of ~~early~~ consideration by Government in this behalf.

1. Holalkere.
2. Chicknayakanahally.
3. Mulbagal.
4. Closepet.
5. Maddur.

The total net expenditure in opening the four Dispensaries from 1st September 1935 will amount to Rs.5,220/- during the ensuing year and I request Orders of Government for providing this sum in the budget estimates of that year.

I have the honour to be,
Sir,
Yourmost obedient servant,

A K Yegnanarayana Iyer

Director of Agriculture.

Letter No.H.A.104 of 34-35 dated 7th November 1934 from the Superintendent, Civil Veterinary Department, Bangalore, to the Director of Agriculture in Mysore, Bangalore.

Subject: Opening of five new Veterinary Dispensaries during 1935-36.

---

With reference to Government Order No.M.8335-52/C.V. 41-27-2 dated 3-2-1928 sanctioning the scheme of opening at least five new Veterinary Dispensaries every year until each taluk headquarter gets a dispensary, I have the honour to state that no new Veterinary Dispensaries were sanctioned even for the current year, although the need for them has been keenly felt in the rural areas.

In this connection I beg to bring to your kind notice that if the scheme approved by Government in 1928 had been followed all the taluks would have had Veterinary Dispensaries by this time. But as it is, there are still 16 places to be provided with Veterinary Dispensaries to complete the programme. Veterinary Dispensaries for Mulbagal, Chiknayakanhally and Maddur had been recommended to be opened during the current year in addition to Holalkere which was proposed to be started entirely out of the funds of the local bodies during the first year of its opening. The local bodies have again pressed that it is quite necessary to start the Veterinary Dispensary at Chiknayakanhally and Holalkere at least from 1st January 1935. I therefore request you to kindly obtain sanction of Government for opening veterinary Dispensaries at the taluks noted in the margin during the next year. The local bodies concerned have been requested to make provision for the quota of initial and maintenance charges in their budget for 1935-36 and also to provide building for locating the Dispensary.

I have noted hereunder the details of the expenditure involved by opening the Dispensaries for 1-9-1935 and request you to kindly obtain sanction of Government for the provision of a sum of -- Rs.3,525/- in the next year's budget.

(2) Letter No.H.A.104/34-35 dated 13th December 1934 from the Superintendent, Civil Veterinary Department, Bangalore, to the Director of Agriculture in Mysore, Bangalore.

---

With reference to your letter No.Roc.1212-Budget 3/34-35 dated 8-12-1934 regarding the opening of Veterinary Dispensaries in the places noted in the margin, I have the honour to state that the local bodies had already agreed to meet the quota of the initial and maintenance charges. Copies of the communications received are herewith enclosed for reference. Suitable buildings to locate the Veterinary Dispensaries have been offered at these places.

1. Chicknayakanhally.
2. Mulbagal.
3. Closepet.
4. Maddur.

In this connection I wish to state that on a representation from the rate payers at Chiknayakanhally Taluk to the Dewan of Mysore for starting a Veterinary Dispensary at the place, Government have observed that the question may be brought up for consideration while submitting proposals to start new Dispensaries, vide letter No.D. 3132-C.V.47-34-1 dated 10-11-1934, of the Development Secretary. I have accordingly placed Chicknayakanhally first among

the places to be provided with dispensaires during the next official year.

I may state here that I have addressed the concerned local bodies once again to provide the provision for the initial and maintenance charges for which they have already agreed, in their next year's budget grant as also to provide suitable accommodation for locating the Dispensaries. I may state that it takes months to get replies from local bodies as they have to ~~xxxx~~ place the subject for consideration in their meetings which will be held only at periodical intervals and may have to be deferred for the succeeding meeting owing to rush of subjects or other causes. Thus considerable delay is inevitable to get the decisions of all the local bodies. I may state that while the need for opening Veterinary Dispensaries is felt in various places, it may not be difficult to secure the quota of the local bodies for at least four Taluks. I therefore request you to kindly move Government to sanction the opening of four new Veterinary Dispensaries at the above named places and for the provision of a sum of Rs.5,220/- in the next year's budget of this Department as per details furnished already in my letter No.H.A.104/34-35 dated 9-11-1934. The matter may kindly be treated as very urgent and Government addressed in the matter. The replies received from local bodies will however be intimated in due course.

With reference to your letter No.H.A.105-325/33-34 dated 20-11-1933 requesting me to intimate the next Taluk wherein Veterinary Dispensary has to be opened, I have the honour to state that the standing committee of the District Board which considered this question at its meeting held on 23-12-1933 resolved that a dispensary be established at Chicknaikanahalli next year. Necessary provision will be made therefor in the budget of the District Board for 1934-1935.

In reply to your letter No. H.A.105-325/33-34 dated 2nd November 1933, re: opening new Veterinary Dispensaries, I have the honour to state that the District Board at their meeting held on 10th December 1932 have resolved that Maddur and T. Narasipur were to be provided with veterinary Dispensaries for the year 1932-1933. A veterinary Dispensary is already opened at T. Narasipur. Maddur should have the next chance. A resolution of the District Board stated above is herein enclosed* for information.

The question of making provision for its maintenance will be discussed in the next Budget meeting of the District Board.

SIR,

Opening of four new Veterinary Dispensaries during the year 1935-36.

With reference to your letter No.D.4545/C.V.66-34-2 dated 18th January 1935 enquiring whether it would be possible to provide funds for the opening of four new Veterinary Dispensaries during the ensuing year by effecting retrenchments elsewhere in the budget, I have the honour to forward herewith a copy of letter No.H.A.104/34-35 dated 7th February 1935 from the Superintendent, Civil Veterinary Department, Bangalore on the subject and to state that the Superintendent expects to save an expenditure amounting to about half the cost involved in the opening of the four new Dispensaries in the normal budget grants of the Veterinary Department if these Dispensaries are started and it will therefore be sufficient if only the other half, viz., Rs.2,610/- is provided for in the budget of the ensuing year for the purpose.

I have considered the question of finding this amount by retrenching grants elsewhere in the budget, but find it impossible as the grants of the Departments under my control have been cut gradually these few years to an irreducible minimum. I have represented already in my letter No.Roc.2200-Budget 33/33-34 dated 16th November 1934 regarding the inadequacy of grants in the budget of the current year for carrying on the normal activities of the

Department and to avoid a similar situation during the next year, an amount of Rs.2610/- has to be provided for the opening of new Dispensaries as an inevitable item of expenditure.

In view of the foregoing circumstances, I request the favour of very early orders of Government sanctioning the opening of four new Veterinary Dispensaries and the inclusion of Rs.2610/- for the purpose in the budget estimates of the ensuing year.

I have the honour to be,
Sir,
Your most obedient servant,

With reference to your No.Roc.1212/Budget 3/34-35 dated 30-1-1935 forwarding copy of letter No.D.4545/C.V.56-34-2 dated 18-1-1935 of the Secretary to Government, Development Department regarding the opening of four new Veterinary Dispensaries at the marginally noted places, I have the honour to state by opening new Veterinary Dispensaries, the staff will be able to check the spread of epidemics just as they ~~spread~~ break out and by thus nipping the diseases in bud, considerable savings can be effected in the purchase of the biological products, notwithstanding the fact that the reduction in the mortality of live stock will result in the maintenance of economic wealth in the rural areas, especially in these days of depression. The concerned local bodies and ryots of these parts are repeatedly representing for the establishment of the Dispensaries for the last few years. The Government were also pleased to chalk out a plan of opening five dispensaries each year, until such time that at least each taluk head-quarters had one. But unfortunately on account of straintaned circumstances, this was not adhered to during the last few years.

1. Chiknayakanahally.
2. Mulbagal.
3. Closepet.
4. Maddur.

Besides, by opening the dispensaries there will be perciptible savings on account of Travelling Allowance, charges for conveyance of medicine chests, as the staff, who at present have to make long marches to go to the scenes of outbreaks, will be very near them and can reach the infected areas much more quickly than at present.

The savings which are incidental to the opening of new Dispensaries are likely to cover about ½ the expenditure on opening the four dispensaries and the other half will have to be provided in the budget of the ensuing year and I request that necessary orders of Government may be obtained in the matter.

Dear Sir,

With reference to correspondence ending with your letter No.Rec.1212-Budget 3/34-35 dated 13th February 1935 re. the opening of four new Veterinary Dispensaries during 1935-36, I am desired to invite reference to para 1 of your letter wherein you have stated that the Superintendent, Civil Veterinary Department expects to effect savings up to about half the cost involved in opening 4 new Dispensaries i.e., Rs.2610/- in the normal budget grants of the Veterinary Department and to state that Government have under contemplation the opening of 2 more dispensaries during 1935-36 provided the cost on this account does not exceed the grant to the Department during next year and to request you to send up specific proposals for the reappropriation of funds required for the above purpose. The possibility of reducing the mobile corps consequent on the opening of new dispensaries may also be investigated.

To

Secretary to the Government of Mysore,
Development Department, Bangalore.

SIR,

With reference to Assistant Secretary's D.O. letter No. D.6915/C.V.66-34 dated 15th April 1935 re. the question of opening new dispensaries, I have the honour to state that the savings of about Rs.2000/- under T.A. and Rs.600/- under Contingencies will be effected consequent to the opening of four dispensaries. It is almost impossible to provide the entire amount required for the opening of the dispensaries out of the normal grants of the Civil Veterinary Department without seriously jeopardizing the work of the -- department.

In this connection I have to reiterate on the previous correspondence re. the need for opening the four dispensaries during the ensuing year and in view of the numerous demands from the concerned local bodies and the public for these institutions I request that Government may be pleased to reconsider their decision and order the opening of all the four dispensaries proposed by me.

As to the question of reappropriation of the portion of funds that can be found from the normal grants of the department I have to state that necessary reappropriation statements can only be submitted after the receipt of the final budget as I am not aware o the exact amounts that will be provided in the budget of the ensuing year.

The amount that will have to be provided over and above the normal grants of the department for opening of four dispensarie viz., Rs.2610/- has been included by me in the memo of alterations on the budget estimates for the year 1935-36 submitted with this -- office letter No.Roc.1907-Budget 7/34-35 dated 8-5-1935 and may --

kindly be allowed to stand.

As regards the reduction of mobile corps staff I wish to invite your attention to this office letter No.Roc.3207/33-34 C.V.281 dated 6-10-34 wherein it has been made clear that there is more work on the field to cope with than can be attended to by the staff of the mobile corps. It may also be mentioned that the amount spent on the maintenance of mobile corps staff is very much less compared xixx to the amount that may have to be spent on sera and vaccines not to speak of the considerable loss of the live stock should the epedemics be allowed to spread by slackness in control operations on account of dearth of hands. Scarcity of fodder on account of unfavorable -- seasonal conditions has been creating much anxiety requiring the -- mobile staff to be doubly vigilent and should the present staff be insufficient I will have to approach Government for more men. I have considered all aspects and find that the present strength of the mobile corps does not allow any scope for reduction in the interest of the safety of the live stock of the State.

I have the honour to be,
Sir,
Your most obedient servant,

SIR,

Adverting to Government Order No.143-9/C.V.66-34-8 dated 5th July 1935, requesting me to point out specific source under which savings are anticipated in the budget of the year 1935-36 for meeting the expenditure connected with the opening of Veterinary Dispensaries at Closepet and Maddur, I have the honour to forward herewith a re-appropriation statement in duplicate wherein necessary funds have been provided for the opening of these Dispensaries.

In view of all that has been said in regard to this question, I believe, that Government are convinced of the immediate necessity of opening the Dispensaries in the two places and it is needless for me to say any more on the subject. I may only add that there ~~have~~ has been persistent clamour from the ryot population of these parts for these Dispensaries, not to speak of the repeated representations of the local bodies in this regard.

There is yet another point on which I solicit very early orders of Government. The Dispensaries at Chikkanayakanahalli and Mulubagal will have to be opened from about the month of September and immediate arrangements are to be made for providing the necessary equipment; and in the case of veterinary instruments which have to be ~~xxx~~ got from foreign countries, I believe, the cost will be comparatively less if the needs of all the four Dispensaries are indented at a time instead of in two instalments.

Under the foregoing circumstances, I request the favour of

P.t.o.

very early orders of Government sanctioning the opening of the Dispensaries at Closepet and Maddur also.

In continuation of the submission of the unofficial file yesterday regarding the opening of four new Veterinary Dispensaries during the current official year, I have the honour to state that it takes considerable time to place orders for the articles of furniture required for the institutions with the Stores Purchase Committee and for the supplies to be made by the contractors after orders are placed. In order that the opening of the Dispensaries may not be unduly delayed on the above account, I am enclosing herewith a standardised list of the articles of furniture required for the four institutions and request you to kindly obtain sanction of Government for the same at an early date, the expenditure being met from the provision for new Dispensaries in the current year's budget. The purchase will be made through Stores Purchase Committee or in any of the Government institutions.

The matter may kindly be treated as very urgent.

SIR,

With reference to your letter No.D.426/C.V.66-34-10, dated 19th July 1935 requesting me to propose suitable reappropriation for providing the balance of Rs.110/- over and above the budget provision of Rs.2500/- in connection with the opening of New Veterinary Dispensaries at Chicknayakanahalli and Mulbagal, I have the honour to state that the actual amount required for all the four new dispensaries, including the two sanctioned in Government Order No.D.1162-80/C.V.66-34-12 dated 23rd August 1935 will slightly vary from the original estimate of costs for two reasons -

1. Due to practical difficulties in not being able to open the dispensaries from 1st September 1935 as originally proposed and

2. On account of the fact that the scales of pay of Veterinary Inspectors are revised and their initial salary is raised from 40/- to Rs.50/- in Government Order No.Fl.1067-9/S&A.108-35-1 dated 1-8-1935.

Under the foregoing circumstances, I shall be able to approach Government for any additional sum that may be required by way of reappropriation of sanctioned grants soon after all the dispensaries are started.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Agriculture.
